WE MANAGE.

Our highly competent and experienced team understands your project needs and delivers timely to ensure maximum efficiency.

WE STORE.

Our facilities offer you hassle free and safe storage saving you time and money

OUR SERVICES

STORAGE SOLUTIONS

We focus on streamlining your warehousing operations, reducing costs and increasing supply chain efficiencies.

Space : Improving space utilization and docking (receiving and shipping) capabilities.

Time: Increasing delivery frequency and using cross docking to reduce lead time.

Costs: Efficiency gain through route planning, stock centralization and layout optimization.

Services : Packaging and Order Management.

OUR SERVICES

VALUE ADDED SERVICES

Tracking Mechanism : Visibility of your consignments is of utmost importance to us and we provide real time tracking for your valuable goods.

E-Documentation : We believe that technology brings transparency and we are offering E-LRs, Intent Photographs and E-Billing to our customers.

Data Analytics: Our analytics team is constantly looking to measure performance using big data and enhance our service levels accordingly.

Safety : The management puts safety as topmost priority. We train our personnel and adhere to safety standards in office, while loading/unloading and in transit.

WE GO BEYOND.

Our ability to integrate technology and tailor it to your needs gives you the power to always be in control.

CLIENTELE

Our broad spectrum and diverse range of satisfied clients, include multinationals, government organizations.

PHARMA

FMCG

CHEMICALS

EPC & PROJECTS

OUR PROMISE

COMPLETE FOCUS

By keeping a limited clientele, we ensure quality services are provided. Your association is precious for us

ON TIME PLACEMENT

Through our strong credibility we are able provide 100% on time placement. Premier is a synonym for challenges. Adversity brings out the best in us. We can place vehicles during emergencies and even during strikes, Quarter Ending/Year Endings etc.

TIMELY DELIVERY

More than 95% of consignments lifted by us are delivered on time

SAFETY OF GOODS

We ensure goods are packed in good condition and well protected. Through our Quality standards we have been able to achieve 99% damage free deliveries

FINANCIAL STABILITY

With the help of our sister concerns which are NBFC's we are financially strong and able to complete large projects within the prescribed times.

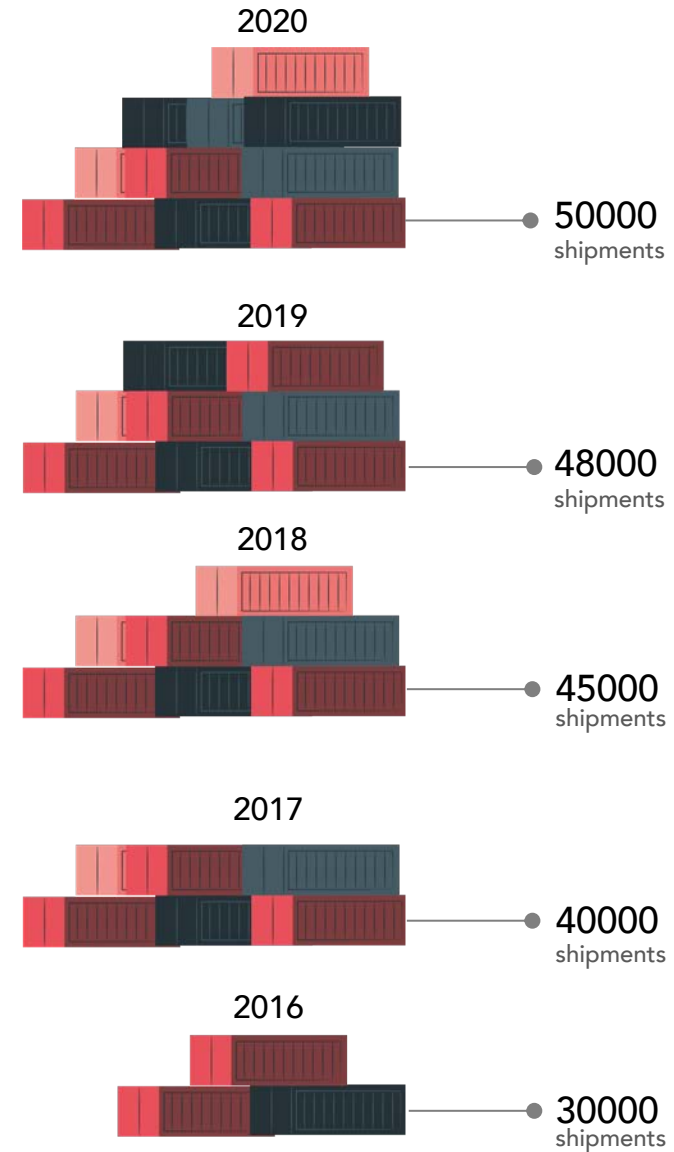

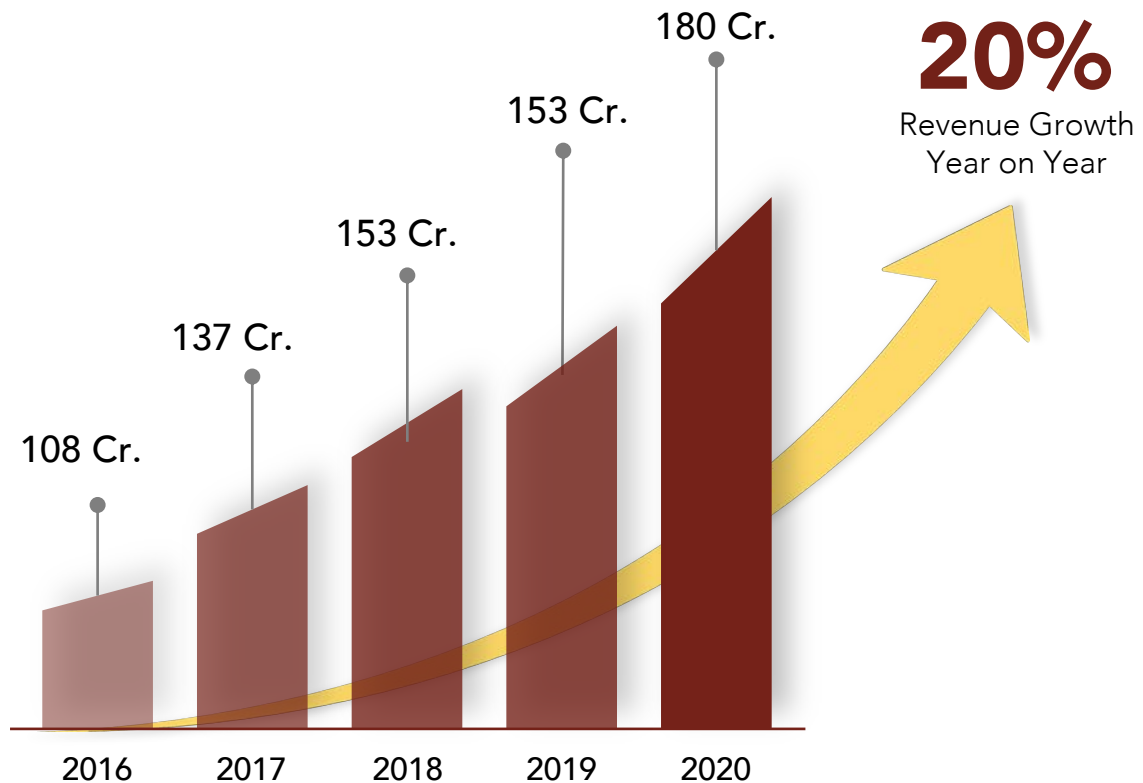

"At PRCL, we have always been ready to accept challenging roles and tread on uncharted paths and have always come out on Top."

MR. V K GUPTA
CHAIRMAN

PERFORMANCE

Our commitment to delivering value to our clients has enabled us to perform better year over year both financially and in the volume of shipments delivered across the country.

Our overall stability of the company has strengthened the trust that we and our clients share, putting us in the driver's seat as we move towards crossing 200 Cr. in revenue in F.Y. 2021

Shipping More Everyday

WE GOT MILK

MILK RUN LEADS TO COST REDUCTION OF 25%

A large company in the Fast-Moving Consumer Durable sector had LTL (Less than Truck load) dispatches to NCR Region and was using a courier/parcel service for the same and was incurring high charges on that. We helped them schedule a twice a week Milk Run wherein a vehicle would pick from their hub and deliver to 3-4 distributors at a time. The same resulted in a cost saving of over 25%.

Highly Perishable Product

Time Sensitive

Temperature Sensitive

Less Than Truck Load Quantities

Customised Solution

WE GOT ACROSS BORDERS

DELIVERING EVEN IN THE TIME OF CRISIS

A major Electrical Goods Manufacturer wanted bulk cargo to be exported to Bhutan. We undertook the End to End job, operating under COVID-19 constraints during the pandemic. We moved the cargo across India and ensured smooth Clearing at INDO-Bhutan Border. The cargo was then moved into Storage facility in Bhutan during the lockdown and finally transported and unloaded at site. The entire project was carried out with a high degree of operational and cost efficiency for the customer even at a time when resources were limited and restrictions aplenty across the globe.

End to End Solution

Across International Borders

Customs Clearance

Material Handling & Storage in Bhutan

On Time Delivery despite COVID-19 constraints

WE GOT EXCELLENCE

SIMPLIFYING PROCESSES TO IMPROVE EFFICIENCIES

We assisted an Engineering Goods Company that was floating consignment specific RFQs and spending excessive time and effort in purchasing of Logistic Services. We provided a solution that allowed them to enter into a Project Specific Agreement achieving cost efficiencies on larger business share to a particular vendor.

Project Management Services

Project Specific Agreements

Hassel free logistics

Increased efficiency due to elimination of service procurement time
